CONSIDER, if you will, that you have just completed a year's voyage on the S.S. Fremont, ably comanded by Captain Herbert S. Wood and his sturdy crew. You are about to read the ship's Log, in which you will find recorded all the happenings and highlights of the trip. Tarry a while as you turn the pages, and enjoy the memories that they recall. To keep you company, we should like to present our ship's mascot (Ulysses by name), whom you see at the head of this paragraph. He's a saucy sprite, but we're quite sure that his antics will not detract from the pleasure we hope you will derive from reminiscing . . .

Bon voyage!

Fremontian staff is composed of a group of students who work together toward a definite goal—a yearbook of which the student body can be proud—one which will represent to parents, friends, and rival schools the spirit which, in our belief, only Fremont possesses. Your annual is the fruit of their labors; their one concern has been that it fulfill your expectations.

THE SHIP'S

Centering all their activities around their language building office, the members of the Pathfinder Staff are responsible for the school weekly, the "Pathfinder." Headed by an editor elected by the student body, the staff is composed of approximately sixteen members. The job of putting out the news sheet might seem to be an easy one; but nothing could be farther from the truth. Editing copy, getting the news almost as fast as it happens, putting the paper to sleep on Thursdays, getting out the special editions, and worrying about an ailing print shop press are just a few of the many problems that the editor and staff must cope with. They seem to be enough to overwhelm any ordinary individual, but the staff members are of a special order. With them, these are all minor parts of a day's work!

AT THE HELM

Based on the principle that students can govern themselves effectively and without friction, Student Council works diligently to make Fremont each semester a little better than the year before.

Composed of twelve elected officers and four appointees, it is directly representative of every major campus organization. Among its many duties are the making of the student body budget, appropriation of money for various expenditures, setting up rules and regulations for the student body, arranging sales campaigns for school publications, and, most important, representing the students themselves in the government of our school.

Meeting second period four times a week, Council members discuss current problems and take action to make the student body a smooth-running, self-supporting organization. Their improvements are slow, as all changes take time, but they almost inevitably achieve their purpose. If you doubt Council's effectiveness take a look around the campus. The football

scoreboard, the big marquee on the cafeteria arcade, the new red pom-poms for the Drill Team (best in the city), and the new football uniforms all came as results of Student Council efforts. An experiment in democracy, it has worked wonders.

O.S.S.C.

O.S.S.C. is one of our largest and most active groups. Composed of only the presidents and vice-presidents of the student organizations, it sponsors a mid-term banquet each semester and is responsible for the clean campus program. The O.S.S.C. prexy is a member of the Student Council.

Meeting regularly each Friday of the semester, the Student Court is probably the most administrative of all student organizations.

A combination of the former Boys' and Girls' Courts, it has seven officers: two judges elected by the student body, two attorneys, two deputy attorneys, a clerk, a bailiff, and a clerk's assistant.

The judges preside at alternate sessions, judging offenses ranging from being in the halls without passes and leaving lockers open to being off-bounds and smoking. In contrast to popular beliefs, the presiding judge has complete power over the session on his Friday and passes sentence on all cases (boys and girls) brought before him. The other judge is an alternate and attends the session in the capacity of an advisor.

The Student Court has the thorough backing of the faculty and takes the place of the vice-principal in many cases.

The John C. Fremont High School Court is the students' way of showing all how effectively they can judge their peers and promote a greater sense of loyalty and responsibility among Fremontians.

Two of the most popular activities on campus are the Y.A.C. (Youth Activity Committee) dances and Sports Nights sponsored by the committee of the same name. Held on Friday nights, these after hours past-times virtually do a land office business as the larger portion of the student body attends them as a matter of course.

Realizing that personal tastes differ, the committees have chosen to hold their respective gatherings on alternate Friday evenings, giving both the athletically inclined and the dancing set a chance to enjoy themselves among other students with interests similar to their own. Whether at a memory-making dance or a rollicking jam session, you can be sure of an evening of fun in the girls' gym on Friday nights.

NOTCH

SCHOLASTICA

In the "grey-matter" department, Fremont can stand up to the best of schools. Proof of this is the fact that Scholastica, one of the campus' largest clubs, is composed of only those students who have received at least three "A" grades and one 'B' on their most recent semester-end report cards.

Upon graduation, all Scholastica members who have earned membership in the organization for four or more semesters receive the golden California Scholarship Federation seal on their diplomas. This is one of the highest honors a high school can confer upon its graduating students.

The club, composed solely of top grade students, is one of the most respected on the school grounds, and its president, elected by the student body, is an important member of the Student Council.

Unexcelled music makers are the members of Fremont's musical groups.

A Cappella, Lyric Club, Boys' Chorus, and the Boys' and Girls' Glee Clubs form the working parts of a department whose excellence is hard to parallel.

Among their recent triumphs are the senior recognition day programs, the innumerable assemblies at which they've performed, and, of course, the thoroughly enjoyable Christmas pageant with its vivid tableaux and melodious vocal and orchestral accompaniment. Hats off to our "Musical Mates!"

THE SPIRITUAL SIDE

CHRISTIAN FELLOWSHIP

As their caption implies, Christian Fellowship takes over the "Spiritual Side" of Fremont activities. Long one of our most popular organizations, C.F.F. has sponsored many very enjoyable aud calls. Their several motion pictures and the recently inaugurated "Midday Melody" series have been among the most genuinely entertaining programs presented in our Inglis Hall, a fact strongly attested to by the organization's growing popularity.

DISTANT HORIZONS

Les Angeliques, Los Ingenios, D.D.D.R., and Trojans are (in that order) the French, Spanish, German and Latin clubs. These organizations are among the most active social clubs at school, their many activities including visits to quaint restaurants featuring foreign foods, trips to theaters showing first-run European and Mexican films, and the El Cinco de Mayo festival in May.

Composed of the advanced students of their respective languages, the four Fremont language clubs are like a bit of the "Old Country" transplanted to our campus.

Seeing after the general welfare are the Health and Fire and Safety Commissions. Their commissioners are elected from the organizations' qualified members by the Student Council and are two of Council's four appointed officers.

Periodical checks of the fire-fighting equipment, tuberculin tests for the entire student body, campaigns for better health, and seeing to it that we get at least one fire drill per month are a few of the activities and responsibilities of these all-important campus organizations.

Stage Crew

THE SCENES

Here are three groups about whom no description would be adequate. They are stage crew, projection crew, and Cyclotrons, and without them many an important school project or activity would be doomed to failure. Quietly (most of the time!) working "behind the scenes," they are responsible for the smooth functioning of the less bally-hooed aspects of our "major productions." If we have been too restrained in expressing our appreciation for the fine job they do, here's a great big "THANK YOU!"

Service points aren't the only payment these eager beavers get for their efforts in behalf of Fremont High School. In addition, they get the less tangible but often more satisfying reward of the respect and admiration of the entire student body. Their work contributes to the pride which Fremontians take in the fact that their alma mater is truly run according to the principal of "of the students, by the students, and for the students . . ."

Starting their year off by briefing new students on auditorium etiquette, Boys' and Girls' Ushers work together to see that the conduct at the many gatherings is up to an adult level. Usually the Girls' Ushers take charge of the regular assemblies while the boys have free rein over all sports events and other after-school activities, such as graduation exercises, plays, and musical programs. These are two very busy organizations, for their work begins early in the year with the first orientation programs and ends only on the very last day at commencement.

SHIP'S ENGINEERS

Gardeners

With Student Council, clubs, faculty, and administration all clamoring for "extra special rush" jobs, you can bet that our carpenters, gardeners, cafeteria workers, and custodians have a pretty long list of duties to perform. These vital members of our ship's crew are kept mighty busy, for besides the back-breaking tasks of keeping the school clean and beautiful, preparing lunches for over 2,000 students, and seeing that the school runs smoothly in its mechanical aspects at least, our crewmen have a myriad of other tasks. They are indispensable to Fremont's "clear sailing."

Activities

If you should happen to join our friend Ulysses in peeping through the portholes of the Good Ship Fremont while classes were in session, you might see signs of the beehive activity that makes our school buzz! Here are some gob's-eye views of our Covered Wagon Reelers, the Solid Geometry crew, the Boys' Glee Club, and the School Art class.

PORTHOLE

Floriculture for lovers of the great outdoors, cabinet-making for the artisans among us, French for the linguists, Office practice for the aspirants to secretarial positions, English for everyone, and clothing for the nimble-fingered—no-one can say we don't offer a wide variety of specialties to choose from!

RHYTHM HAPPY

Leading his snappy Fremontian melody corps through a tuneful year of superlative musical entrees and encores, our popular band and orchestra maestro, Mr. Robert Bright, has entranced Pathfinder audiences with everything from Strauss' lilting waltzes to Sousa's fiery marches. Wielding his baton at gatherings varying from athletic tourneys to lavish auditorium pageants, the afore-mentioned Mr. B has brought forth only the best efforts of our "rhythm happy" crew mates. Their successes during the year have served to make the student body ever aware of the adeptness of Fremont's master musical instrumentalists.

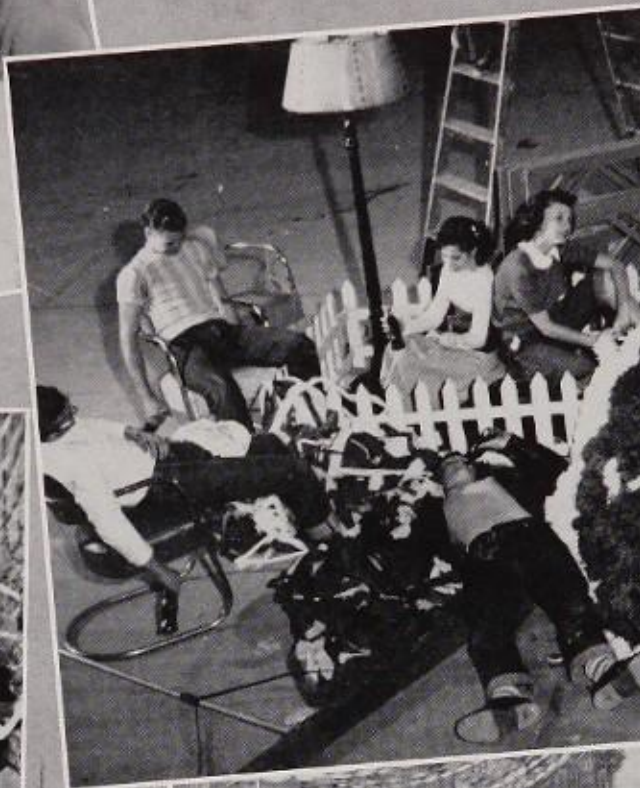

"At the ringing of three bells, report to the aud." So the bulletin read. But how many of the aud calls do you remember? Can you recall the Christmas pageant, the sports' rallies, the radio panel discussion, the fashion shows? Well, if you can't, don't fret; for here they are, indelibly recorded to help you recapture pleasant memories of "the days of yore."

ASSEMBLY CALL

Want to see just how much your ears can take? Then make a descent into the maelstrom . . . the girls' gym on Sports' Nite. If ever a place literally rocked with activity, this is it! Elusive ping-pong balls, blaring loudspeakers, bouncing jump rope enthusiasts, all contributing to the tumultuous din of gay confusion . . . but oh, what fun!

HORNPIPES

Relatively inactive during the winter, Y.A.C. burst out in a grand spring spree of gala gatherings. On dance nites, the bare gym walls displayed their most lavish finery and were virtually bathed in sultry lighting effects. More enticing settings for Terpsichorean efforts can not be found in all the city school system!

... 'N AFT

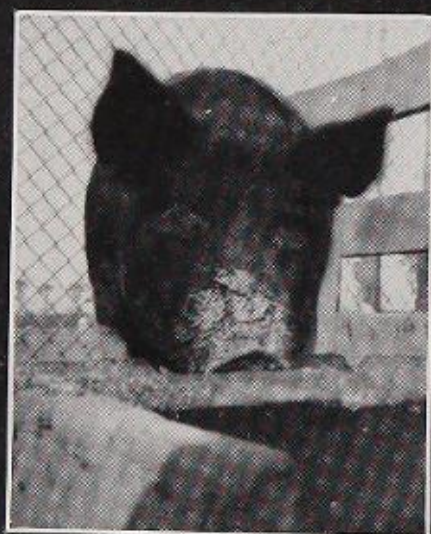

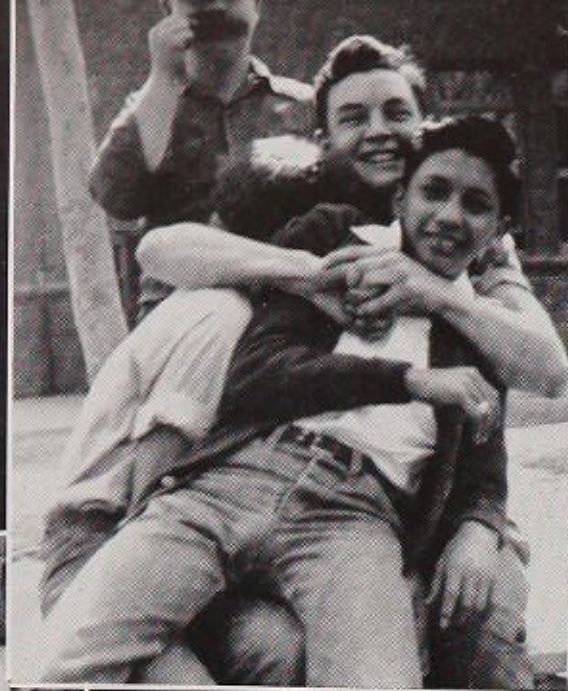

In the spring as in the fall our campus is the best of all. Surely there are few that even approach the perfection that the student body has come to take for granted. But should the graceful trees in the quad be removed, or the plush green lawns be turned a sickly yellow, we would most certainly make known our disgust—for under the blase veneer, Fremont's students are justly proud of their beautiful grounds and the part they play in making the memories that last a lifetime.

Glimpses of life at Fremont . . . the seniors confer . . . a peek at the student court . . . Santa distributes Christmas parcels . . . turnabout during Girls' Week . . . don't bite the thermometer! . . . finishing touches go on the Yuletide sapling.

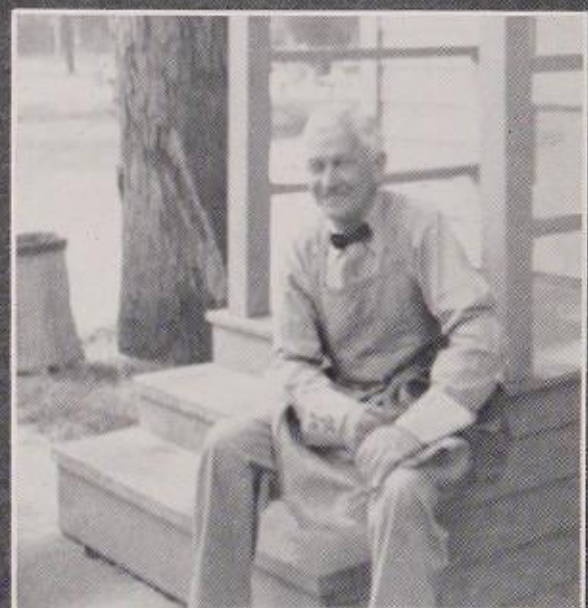

More typical examples of Cardinal capers show the inevitable crowd congregating on the blacktop . . . time out for a drink . . . noon music engineers . . . a look at a sentimental couple . . . and Christmas tinsel going up.

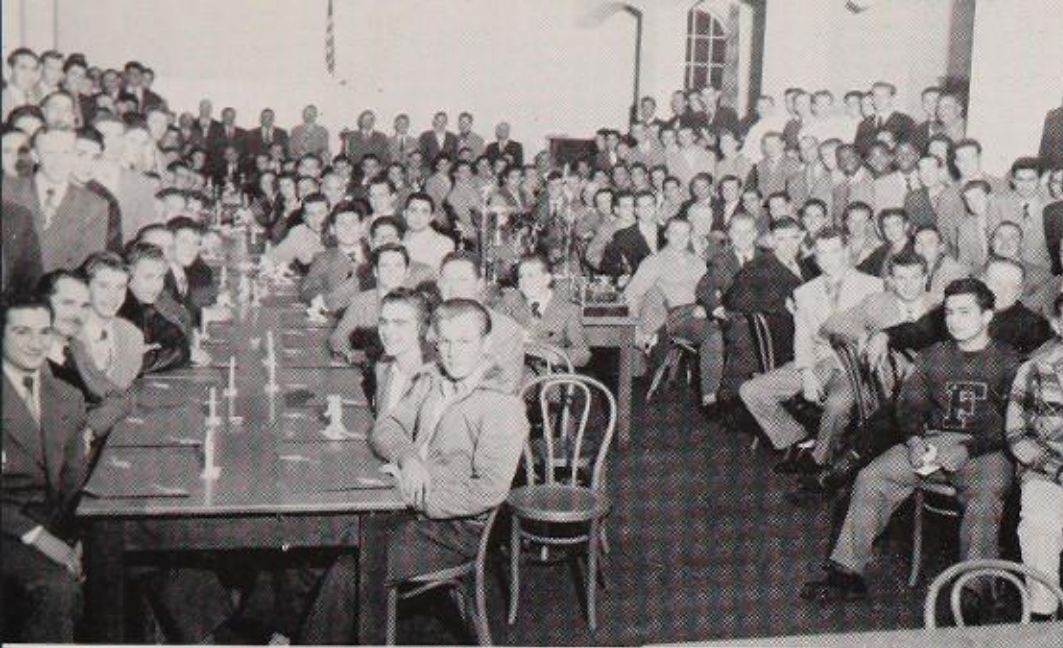

Remember the searing, sullen heat at the beach, your silly campus clowning, the frosty mountain snow treks, the slumber parties where no one slept, the times you made faces at a supposedly empty camera, or the time you turned acrobatic in your back yard?

Look closely at Fremont off guard—prize pics from the "Family Album." You may d'scover (to your consternation) a likeness of an all-too-familiar face!

DECK

PERSONAL

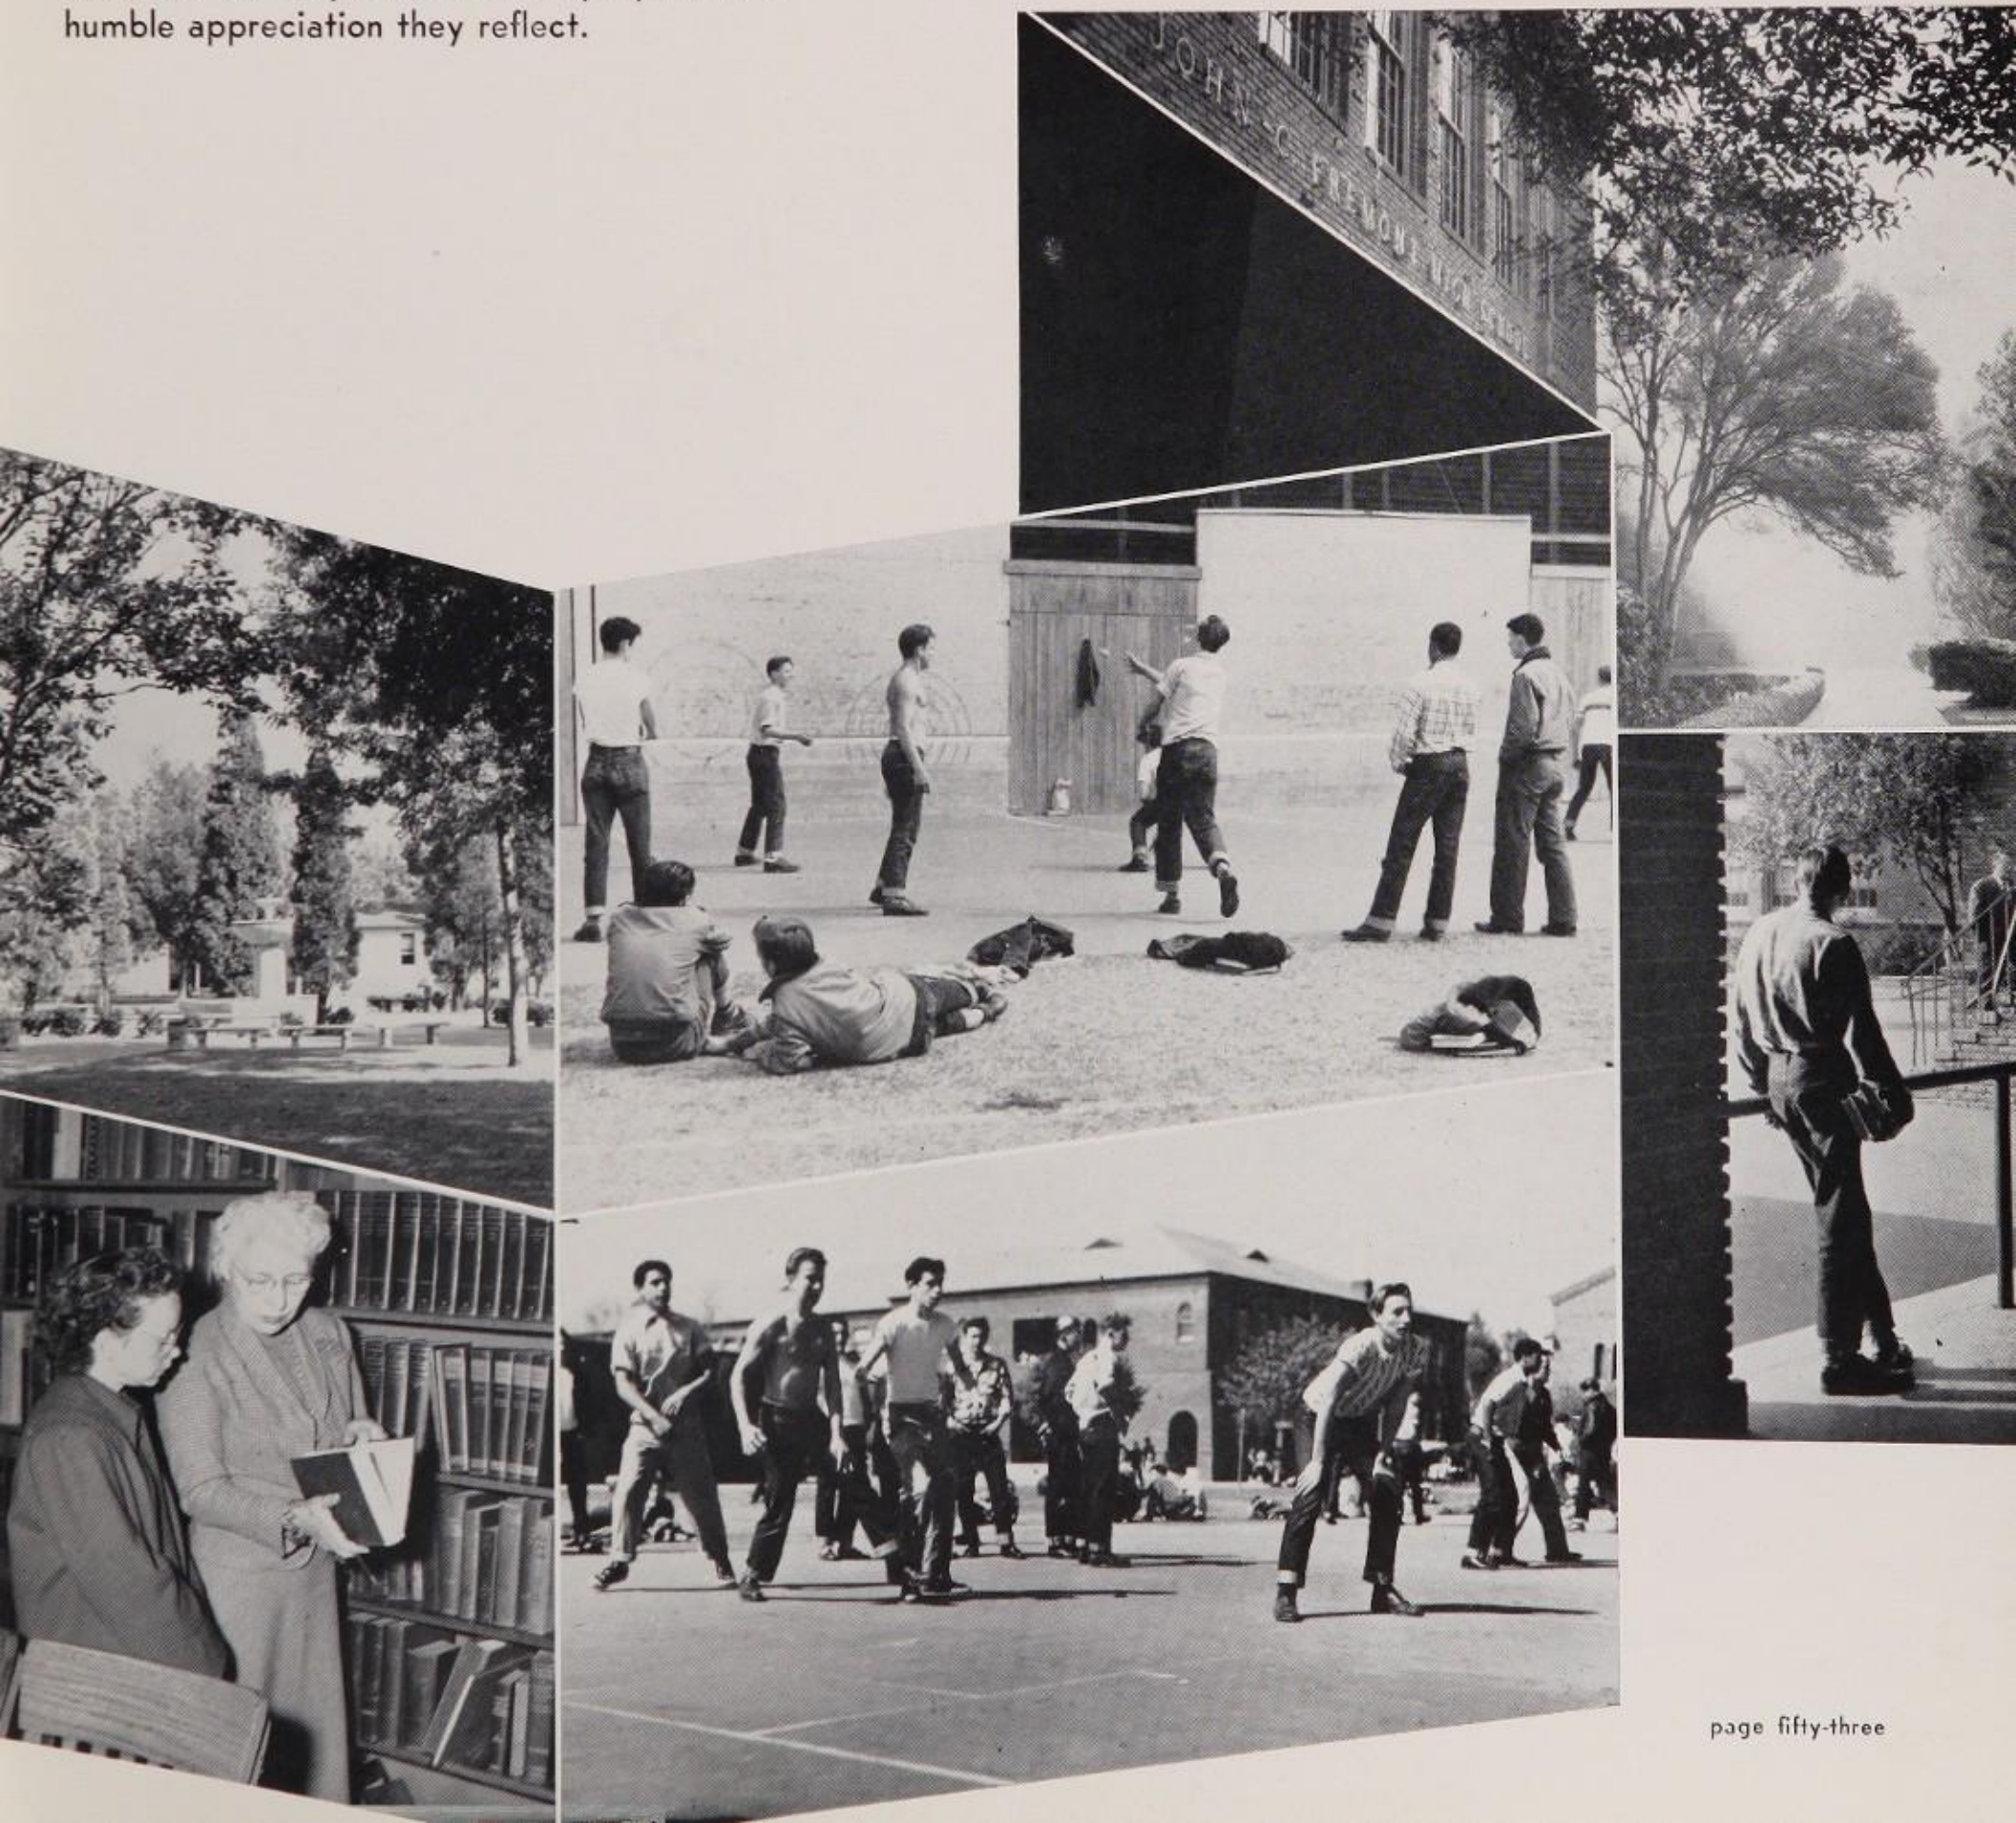

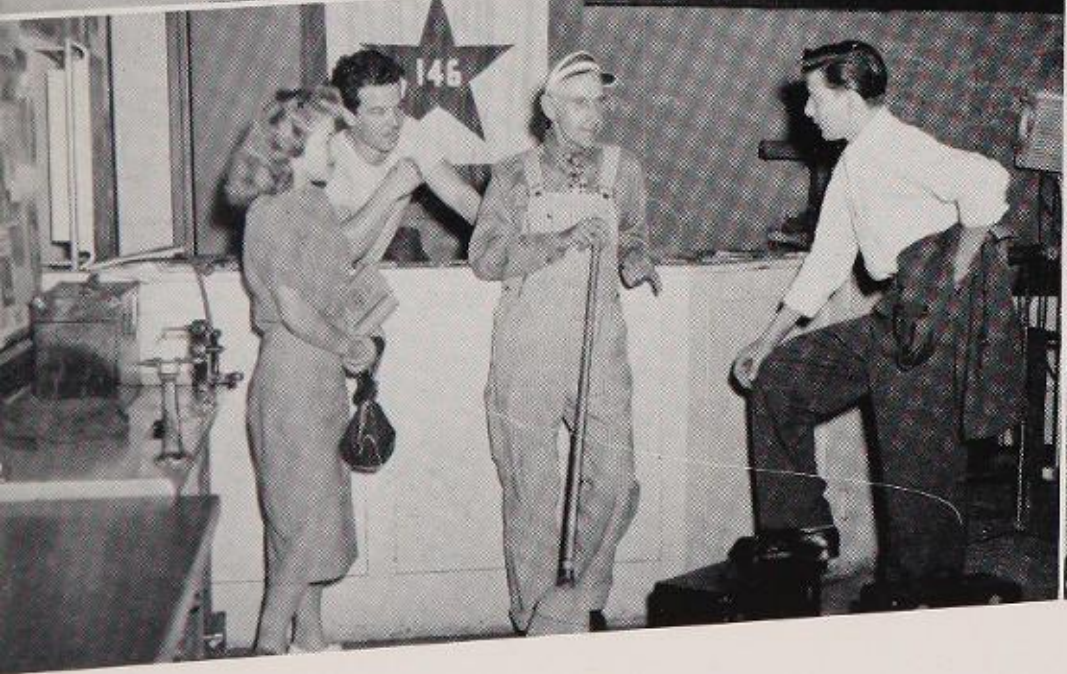

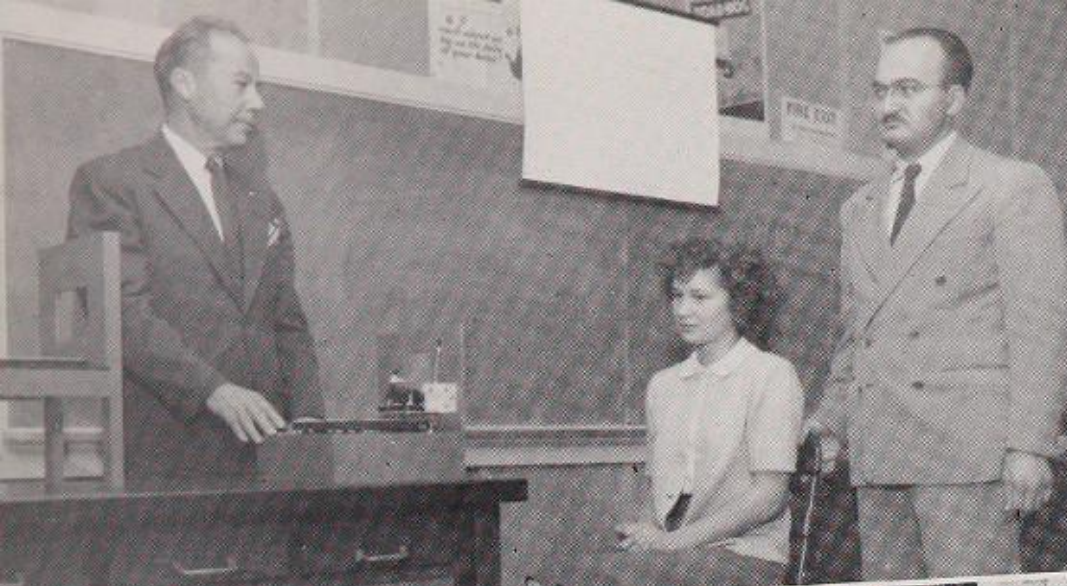

Candid photos like those in this spread show that Fremont students are not just a bunch of neurotic misfits cast together in an educational institution, but rather are similar to a huge, fun-loving and hard-working family. It is their fraternal feeling that has put the Pathfinders at the top of the city school system. It is this

GLIMPSES

brotherly sentiment that will keep them there. As you look at pictures like those of the Student Government breakfast, the handball tournament, or the informal campus gatherings, on this and the pages to follow, be aware of the amiable aura they radiate, the loyal pride and humble appreciation they reflect.

Miss Carolyn Mitchill

Mrs. Genevieve Weide

Gather 'round and get a gander at the pride of Fremont—our brilliantly garbed Drill Team. Its members chosen from the cream of the coed crop, this organization is beyond reproach. Its perfection of performance was witnessed by hundreds of football fans during the semester, and its neatly and precisely executed drills astonished all. Where else in the whole school system can a group of girls be found who can come up to the standards set by our group in doing its United Nations drill, and other complicated formations? Certainly the answer is that there is no other bunch even slightly comparable. In view of this exalted position which the girls have earned, we should all take our hats off to Mrs. Weide, Miss Mitchill, and the hardworking members of the Fremont High School Drill Team.

GIRLS

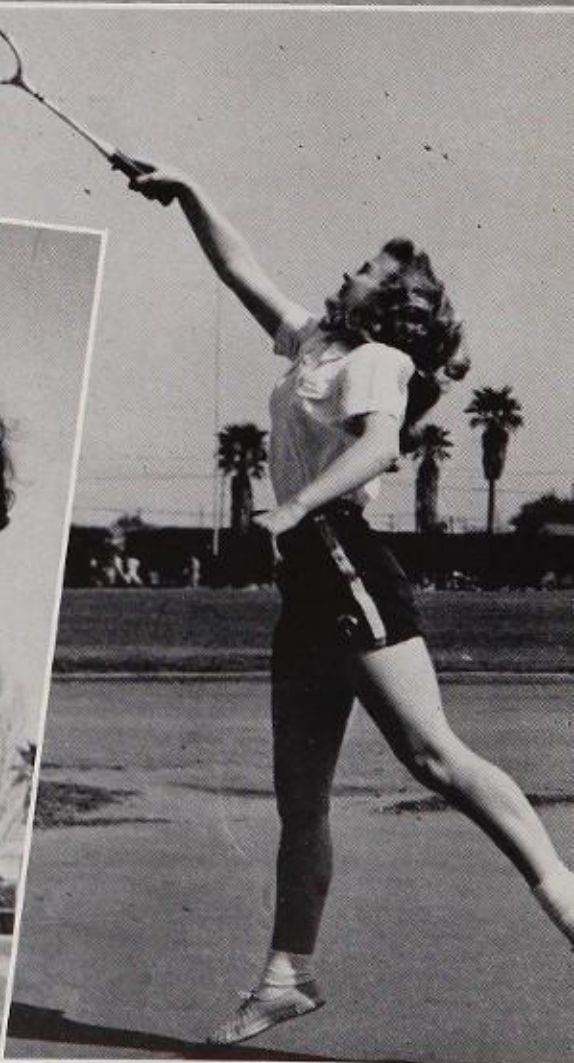

Lettergirls

GIRLS' ATHLETIC ASSOCIATION

The Fremont Girls' Athletic Association is, without a doubt, the most active all-girls organization on campus. It is also one of the largest clubs. Every girl, regardless of grade level, may become a member, and after serving actively for three semesters, may earn a plain letter "F." For each additional semester, a star is added to the letter, a total of three being possible.

It might seem that the earning of a letter is an easy thing, but this assumption couldn't be farther from the truth. Basketball, tennis, badminton, speedball, horseshoe-pitching, swimming, archery, and bowling are engaged in extensively at regular bi-weekly meetings during winter, while the summer semester finds softball and volleyball substituted for speedball and basketball. There are banquets, parties, rallies and several Play Days at which Fremont GAA members play hostess to similar clubs from other schools. Besides these activities, there are the times when our girls are invited to go to other schools for all-day outings. These are indeed busy young ladies!

PATH TO GLORY

For the season opener, Fremont faced the rough Manual Arts Toilers. One of the toughest grid elevens in the Dixie League, they gave the Cards a tight run for their money.

Charging down the field for the first five minutes, the Toilers laid the Cards down for the big six, but muffed the try for extra glory.

The second quarter saw Fremont's luck pick up when the Seventy-Six-Streeters crashed through to the Manual 8-yard line. There the Artisans got the ball and made a quick punt which found home in the arms of Fremont's Otis Stroud, who rammed down to the opposition 46.

Mickey McBride, star aerialist, juttied out a series of short passes and inched the Red Devils toward pay-dirt. From the 11-yard line McBride made a snappy fake and literally leaped into the tying six points. Tom Zaby's kick racked up the extra point and a 7-6 Fremont victory became history.

Easier opponents than Manual were the Democrats from Jefferson. Starting off in great style, the Fremontians slipped by Jeff into hallowed ground for the game's first TD. The scoring pass from McBride to Allen was followed by an incomplete conversion which left the score 6-0.

Although the second quarter saw a lull in activity, happy times for the Cards rolled in again in the third, when McBride set Stroud up for a quick jaunt to touchdown territory. Zaby's punt skimmed over and Fremont led 13-0.

Jeff took over, but their visions of glory were shortlived, since their frequent breaks into the freeway were just as frequently smeared by McBride, Mothershead, and Foster.

The final goal was made when an intercepted pass sent Stroud charging down to Shangri-la. Zaby topped off the touchdown and Fremont went on to meet Garfield, having trounced Jefferson 20-0.

Our triumphant San Pedro Street boys roared into the Garfield stronghold and got off to a bang-up start as they trod the sod for 63 yards with sustained drives. From the Bulldog 10-yard line, triple-threat man Glen Allen bounded the necessary yardage to Tally Valley for six points.

The following Zaby kick-off gave the Garfield eleven their only chance at getting over the 50-yard line. They took advantage of it and raved to the Fremont 8, only to lose the ball. After that, the game was all Fremont. From the afore-mentioned yard marker, ace Glen Allen raced a record 94 yards to pay dirt and 6 points. With Zaby and Co. assisting in the blocking department, McBride's passing sent hordes of FHS men deep into opposition territory.

Mothershead, Forbes, and Allen all added their bit, the latter making the game-topping touchdown. Illustrious Tom Zaby completed two out of three conversion attempts, ushering in a 20-0 Red Devil victory as the Roosevelt fracas drew near.

The Teddies were not so easily smeared as were the Garfielders, for on the third play from Fremont ranks, the Roughriders grabbed the pigskin and made like mad for the endzone, giving them a 6-0 head start. Their lead was brief though, as a lateral-pass play executed by McBride, Allen and Forbes wound up in the end zone with six points, and then—one for good measure.

A field goal by sure-footed Tom Zaby made the score 10-6 in Fremont's favor.

The Teddies dug deep into their bag of tricks but had to give way to a more powerful Card squad.

Next on the agenda was the Washington soiree at Wrigley Field. With the Southern League championship safely tucked away, our dashing Red Rovers went out to face Washington's fired-up Generals.

Fremont standouts played a brilliant game, but fate was against them. A pass intended for Fremont's No. 13 made its home with the Generals who rolled it into a 6-0 victory.

Coming up from defeat, the roving Road Detectors went all out for victory over Poly's turf team. In what may well be called the most exciting game of the season, the Cards became greased lightning.

Ace quarterback Mickey McBride passed waves of men far into PHS ground. In there with grade "A" blocking and tackling were Zaby, Foster, and the FHS "maulers."

To the tune of such precision playing four Fremontian men wrangled their way to terra-terrific. Don Forbes came up with the first two game stoppers, Mel Mothershead contributing the third. A wind-cutting pass from Fred Hanggie to Bill New hoisted the score to 26 and Zaby's conversion made the tally a towering 27-0.

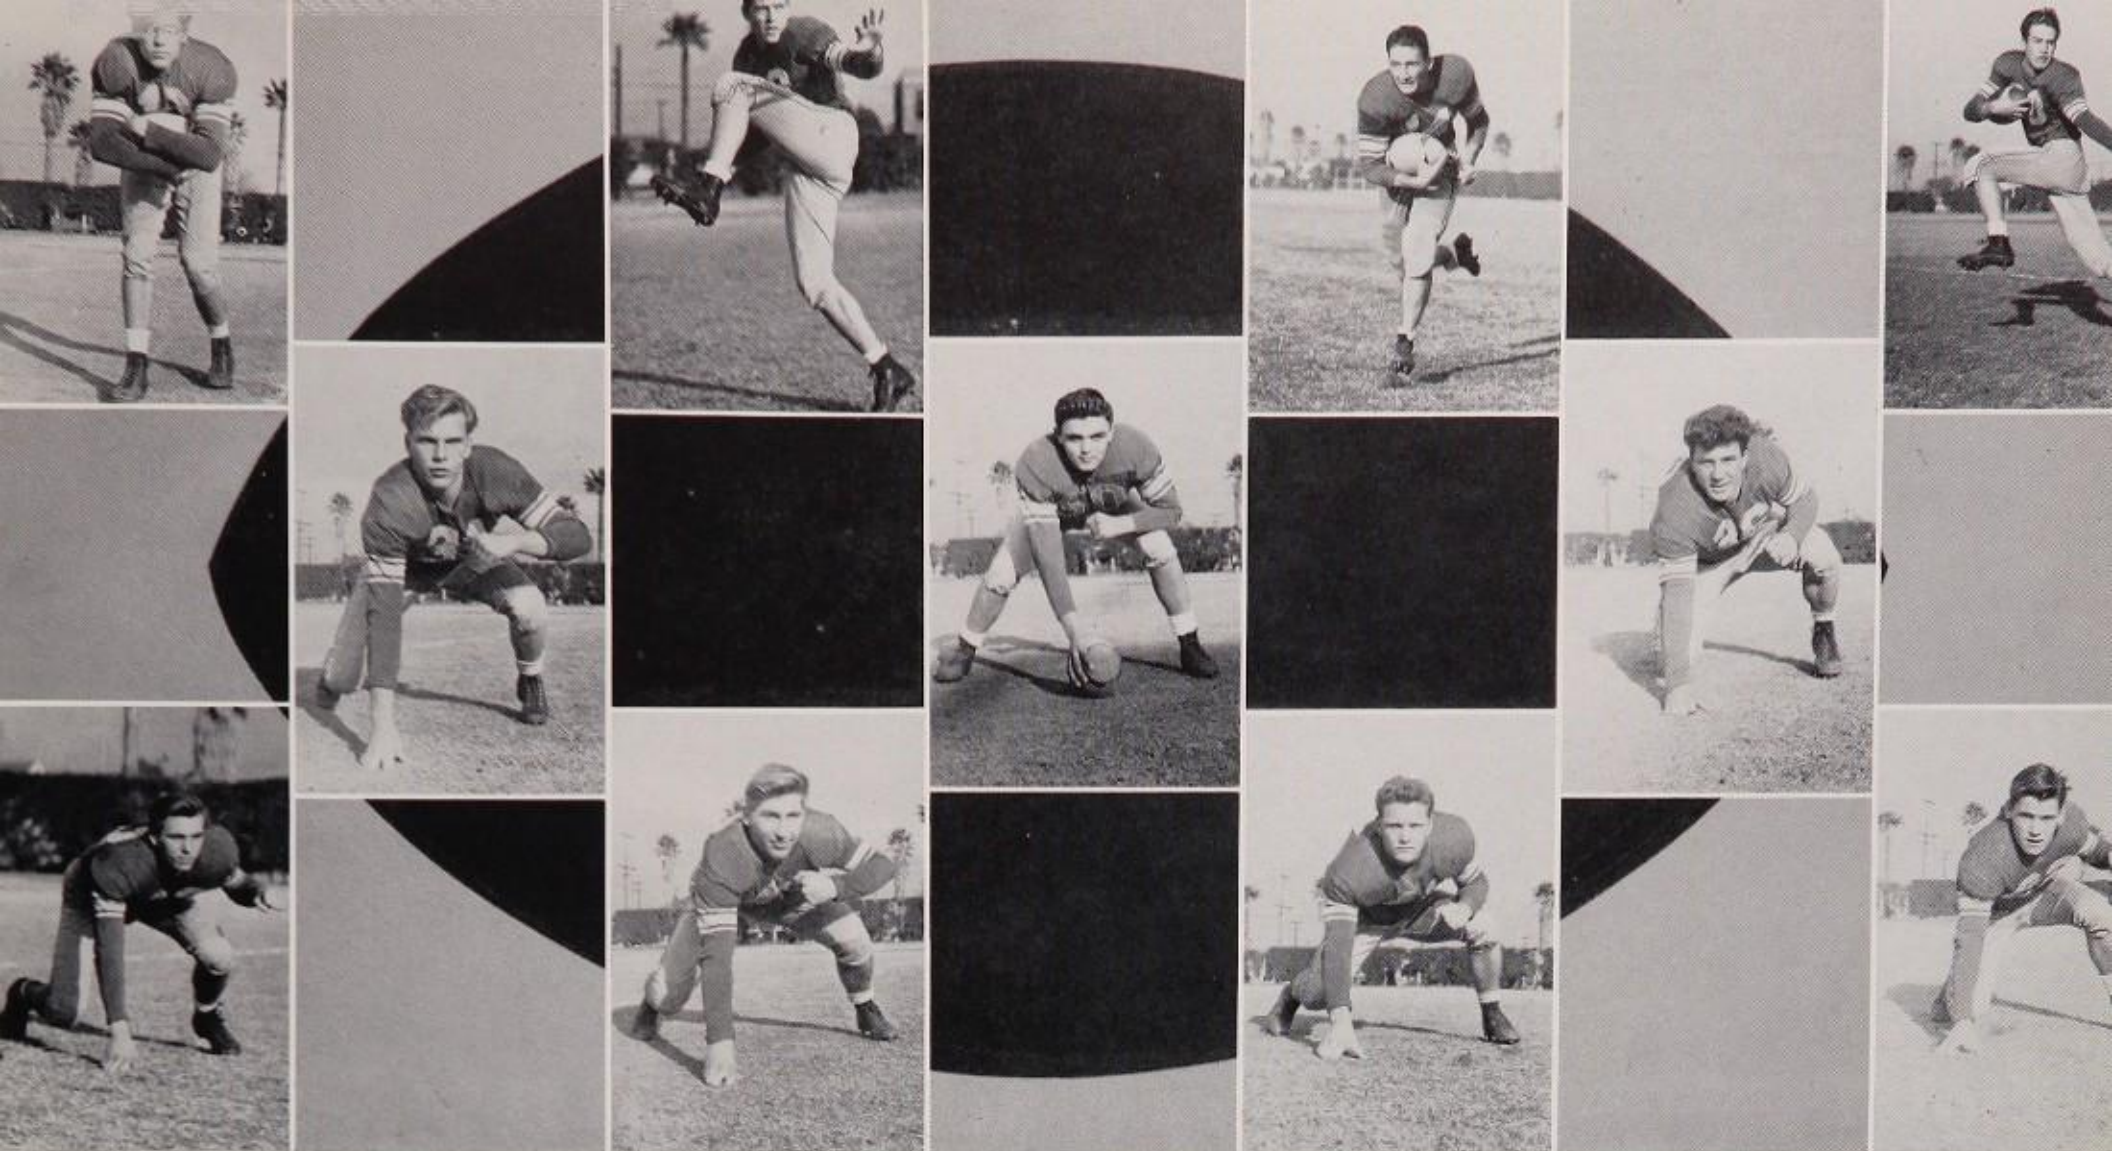

Taking over, the sagging Polyites brought in as snappy a spread play as has ever graced the field, making possible two Technician TD's. The razzle-dazzle that followed was a sight to behold. Forbes' smashing head-in-stomach tackling, New's pass interceptions, and the brick-wall blocking of Contreras, Foster, and Zaby all helped in holding the squirming Poly men underfoot for a 27-13 Fremont win.

Narbonne came up next on the list of opposition for Fremont.

They might well have stayed home for the proud Pathfinders made mince meat of even their best attempts.

Heaps, Stroud, Carpenter, and Allen made the game's five tallies, while fleet-footed New saw his two touchdowns called back for penalties.

(continued from page 60)

As usual, Zaby added a few complete conversions, bringing the score to 32-0 in favor of Fremont, and visions of the Milk Bowl arose on the horizon.

The Milk Bowl was the showplace of the football season. Before 29,000 spectators, the gloriously garbed drill teams and blaring bands provided a brilliant background for the hard fighting teams.

Fremont was high point team, scoring two TD's and 14 points. Glen Allen and Mel Mothershead went over for twelve points, Zaby making the two conversions. Judged the best-playing eleven at the Bowl, Fremont was guardian of the golden Milk Bowl trophy after a successful day, with the South scoring a total of 33 points to the North's 21.

In a game literally sparkling with top-notch playing, our amazing Trailblazers burst into the Coliseum with a blaze of glory against Hollywood in the City Championship game.

Beginning the razzle-dazzle scoring spree, Glen Stovall tallied from a Hollywood fumble on the opening kickoff. Those who added to the record-breaking tally were Stroud (6 points), Wooldridge (6 points), Stovall (6 points), New (6 points), Martinez (6 points), Krueger (6 points), Blankenship (6 points), Carnevale and Silva (safety-2 points), and high point man Zaby with 15 points.

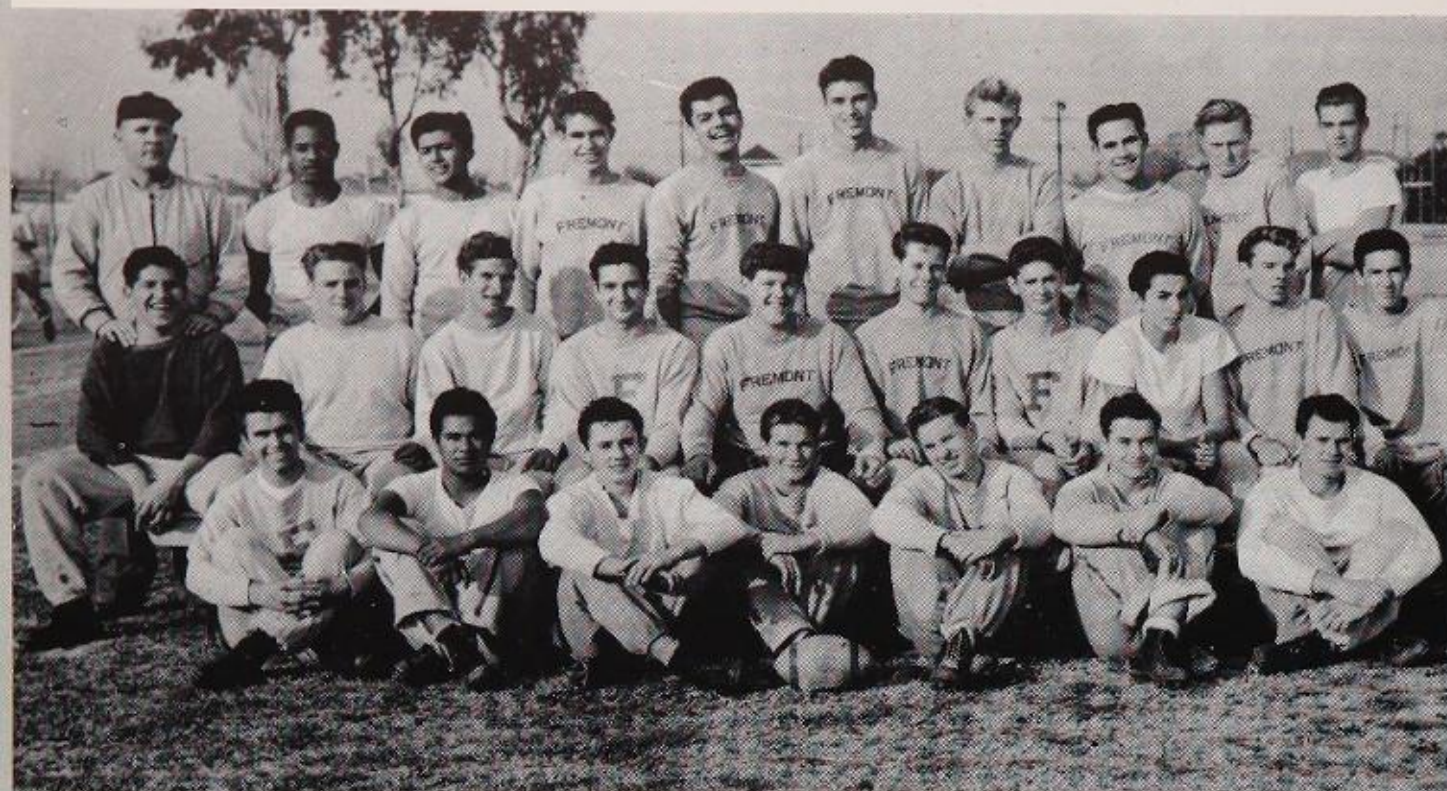

Noteworthy for their super-colossal work on the line and in the backfield were QB McBride, who tossed two TD aeriels, Fred Hanggie, who contributed another airborne TD, Allen and New for pass receiving, Contreras for blocking, Harry Foster (tackler par excellence), and the remainder of the FHS roster, all of whom got into the act.

A Fremont recovery of an end-zone Holly-fumble, eight touchdowns, a safety, a field goal, and six complete conversions all added up to a 59-0 Hollywood plastering at the hands of Fremont, and the second consecutive Pathfinder City Championship.

Hats off to Coach Edelson and his mighty Cardinal Champions!

Coach Tanner's midget maulers suffered their first defeat simultaneously with the playing of their first game.

The single point-maker was Art Maltby, who grabbed an Artisian aerial and bounded 50 yards to gloryground. The conversion was incomplete.

Losing the fracas for lack of precision playing, the freshman footballers were dealt a solid 12-6 blow by the cocky junior Toilers.

Hoping for victory, the Cardinal Tannerites went off to meet Jeff on the latter's home turf. Although they came close to paydirt several times, the tricky Jeffersonians held the Cards underfoot for a 7-0 win.

The junior football squad from Garfield, third on the game schedule, proved to be a real menace. McRae and Hepner provided top flight assistance in the road-clearing department, enabling half-back Maltby to score in the second period. Their efforts were topped, however, by the Bulldogs' two TD jaunts. The Garfield lead was threatened when guard Church and tackle Moretti opened the way for Fierro's TD. Pathfinder hopes ran high but an ailing conversion gave Garfield a 13-12 triumph.

JUNIOR GRADE

Rallying from their losing streak, Fremont's Bee team stormed into Roosevelt Stadium and burst into action. Making the most of Hoefer's and Fierro's grade "a" blocking, standout Art Maltby charged over for the first six points. No more TD's were made in the first two periods, but alternate half-back Furtado snagged a Teddie punt in the third and managed another tee dee for Fremont.

Mario Ramos carried the ball to the Roughrider five-yard stripe from which Hoefer charged over for the game topper and a Fremont win. The score? 19-0.

As the curtain fell on the Dixie League season, Washington suffered a solid shellacking at the hands of Fremont's junior Trailblazers.

Coach, Jim Mercer.

In their most successful season during recent years, Card hardwood gamboleers took their opponents for four games out of a ten-tiff schedule. Given credit for their success is Coach Jim Mercer. With Mr. M. as head mentor, flashy Fremontian hoopsters charged over many a proud hardwood five, and among those who fell in the wake of Trailblazer superior playing were Washington, Garfield, and Roosevelt. Furnishing much of the year's excitement were a quintet of Pathfinder players. Gerry Lacher (voted year's most valuable player) was consistently among the blue ribbon circle of hoopsters. Washington mix-up helped put another Detector casabaman, Duane Yonker, among the top five. Also assisting in the digit-registering department were Simons, Beckstrom, and Walsh. Due largely to their efforts, "Brickpile" basketballers screeched by Roosevelt 31-26, Garfield 25-34, and Washington 36-39 and 25-35, thus ending the season with our Pathfinder five in Dixie League fourth place.

Winning six games of the season's ten, Pathfinder Bee basket men placed second in Southern League competition, topped by Jefferson. Hunter, Salcido, and Payton proved themselves to the team standouts by often ringing their way through the hoops and into the high point circle. With Reid, Carter, Stumpe and Hawkins, assistants, this tallying trio were, to no small degree, responsible for the many Card wins.

Taking Washington 28-24, Bee "stingers" ended une tres bonne saison.

The remaining groups of Cardinal casaba kids, the Cees and Dees, had a reasonably successful year. Cee men won a large percentage of their games among them; Garfield 31-27; Roosevelt 20-3 and Washinton 28-20. Consistant high point men among the Cees were Ralph Kellum, Don Snavely, and Henry Sillas. Those malicious midgets, the Dees, came up with a .500 average winning half their games. Probobly their closest win was against arch-rival Washington with a 29 to 28 tally.

BASKET BABIES

SOME RACQUET

Since the retirement of Coach Haney, the Fremont peachfuzz pounders have been placed under the able guidance of Coach Jim Mercer. Under his supervision, Pathfinder tennis men have laid many proud teams in the dust. Dropped in practice tilts were Eagle Rock, Bell, Belmont, Compton, and Marshall.

Among those who frequently snagged the sets for Fremont were towering Duane Yonkers and his diminutive partner Allan Wong, Jerry Teasdale, Gerald Cox, Richard Knowles, and John Nakakihara.

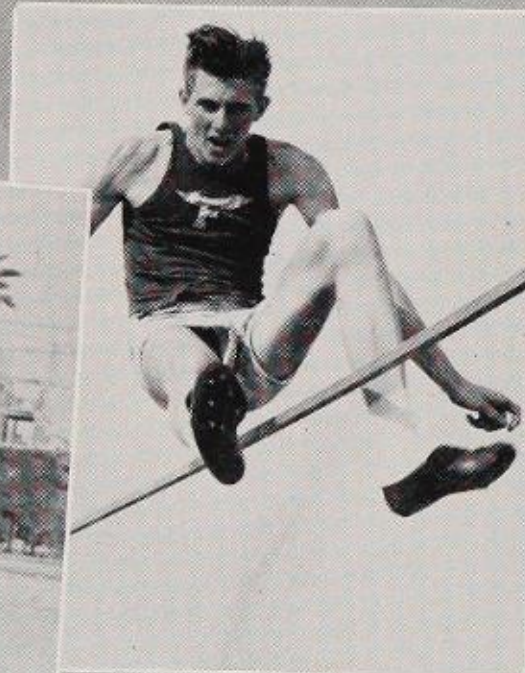

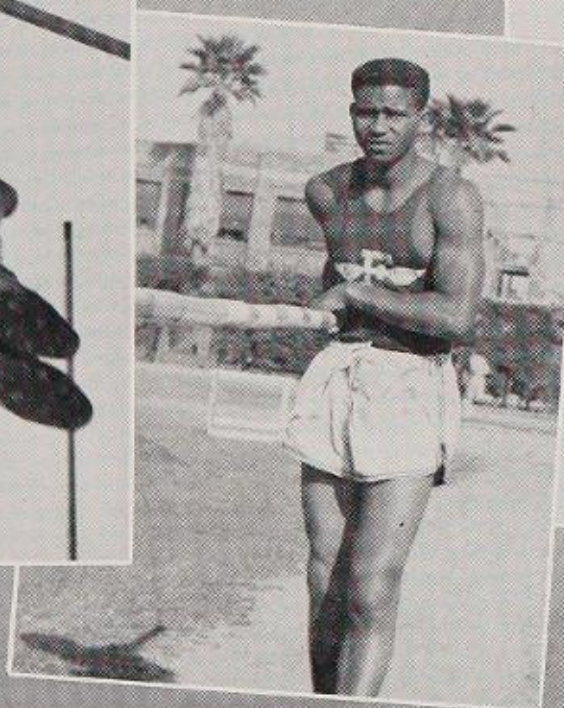

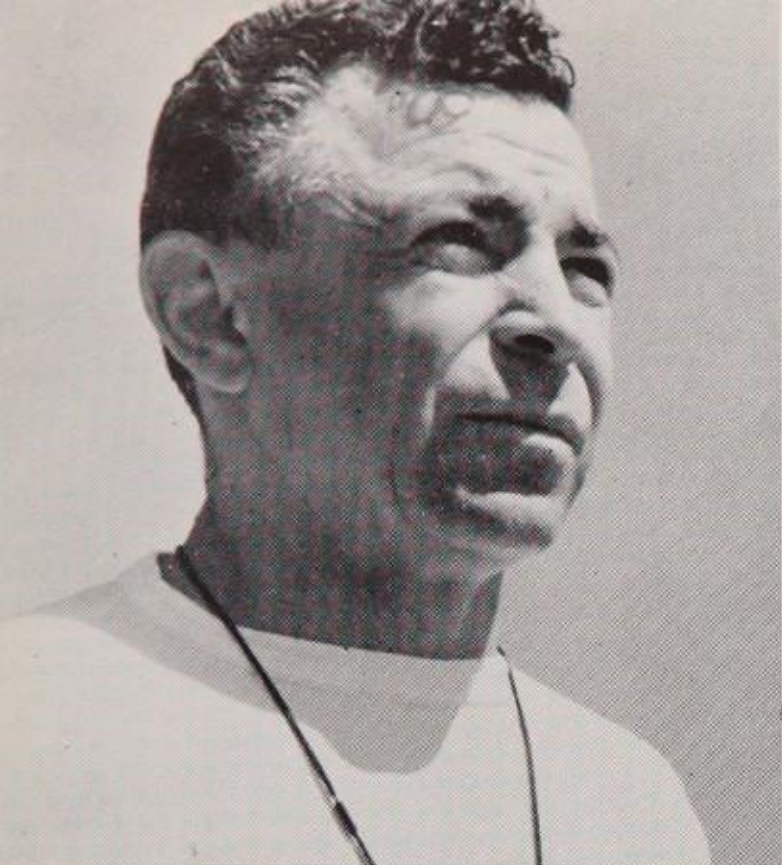

When the Fremontian went to press, only one league match had been played. Due largely to the illness of star slammer Duane Yonker, the initial stroke fest was a lost cause. Courageous sub-men Don Strang and Trailblazer team mates tried desperately to salvage a Fremont win, but to no avail, for Manual won, 4-3.

FULL STEAM

After several practice tilts, our Pathfinder thinclads went out to meet Manual in the league's first clash. FENTON, HUNTER, IVERSON, STROUD, SMITH, and HEAPS all made valiant tries and each placed in his event. However, these efforts were not enough, for Manual's Toilers held the flashy Fremontians solidly underfoot for a 77½-26½ mauling as the Jefferson meet drew near.

Fremont trackmen pulled in to the Democrat stronghold in the midst of a downpour and immediately got to work. FHS man JOHNNY FENTON copped first spot in the high hurdles with a fast 15.6, while PATTERSON, HILL, and STROUD took, in that order, the top three places in the shot event. Winning put was 45' 10". HUNTER, OWENS, KULONIS, and MELKUS also added to the FHS tally, but the fast Jeff men waded through the mud to an 82-21 win over Fremont.

Donning their scant togs for the third time, Card track mates met the Garfield team in the "home port." Standout HUNTER sailed into No. 1 spot in the 100 and 220 yard runs, then versatile JOE LINK took seconds in the two hurdle events and followed with a 6' 1" leap into first position high jumper. The snarling Bulldogs didn't throw much of a scare into Card tracksters, for RUGGLES in the 880, MURRAY in the mile, KULONIS in the 180 low hurdles, and STROUD in the shot event, all managed firsts. FENTON placed in both hurdle jaunts, while MELKUS, MILLER, and "CORN" CORNFORTH grabbed No. 2 honors in the pole vault, shot put, and high jump. Fremont won, 53½-50½.

Roosevelt's Teddies made a brave stand, but our Card speed demons triumphed, 53½-50½. As the score indicated, it was "nip and tuck" all the way. The two teams split the top spots in nearly every event. However, running true to form, Fremont athletes took the field. "Jumping" JOE LINK placed in the 120 low hurdles, took first in the 180 obstacle event, and shared No. 1 rating with ROD CORNFORTH in the high jump. After MURRAY, FENTON, SMITH, LOPEZ, and RUGGLES had shown their prowess in the art of the fleeting foot, the relay team came in to cinch the meet for "Ye Olde Brickpile," and Fremont looked forward to the coming meet with rival Washington.

Pathfinder cardinal and grey clad boys laid the Washington track teamsters in the dust as they sped on to a glorious victory. As usual, HUNTER, lead off by topping team mates COLLINS and OWENS in the century event, then the afore-mentioned Mr. C. edged HUNTER for the No. 1 slot in the 220 straight-away jaunt. LINK took the 180 event; MURRAY grabbed the mile. RUGGLES copped the 880. It was a great day for Fremont. FORBES placed above his brother fleetfooters MITCHELL and BROWN in the broadjump, while MELKUS garnered the pole vault glory spot. To be brief, we'll say that the Fremontians gave the Generals a regal stomping. The towering tally amounted to 64-40.

And so the season ended.

Our junior tracksters had a mixed season of victories and losses.

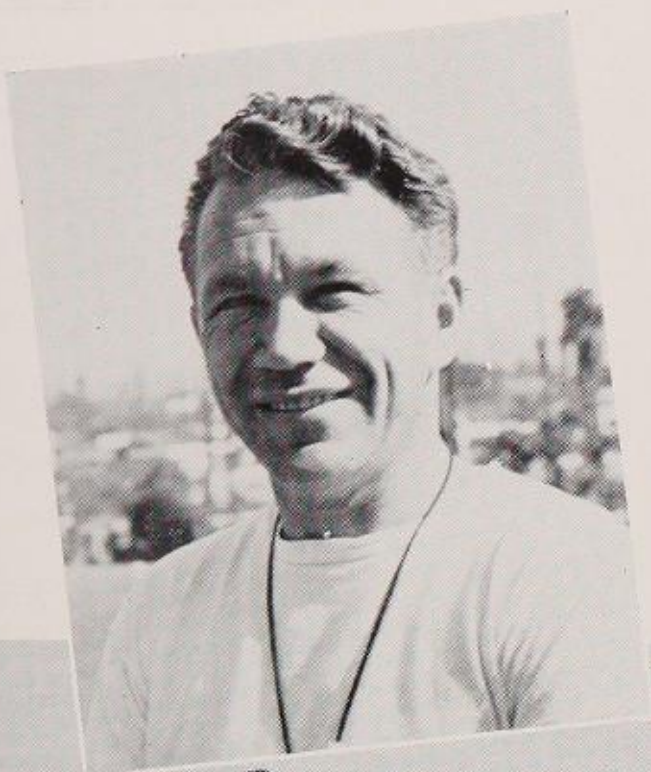

On the Bee scene things got off to a "stinging" start as they lost the first clashes to Manual and Jefferson. Their spirits weren't dampened though, for the snappy Tannerites skidded skillfully by Garfield, Roosevelt, and Washington.

Credited with most of the point making were century and 220-yard man Rodriguez, Jackie Rideout, Lopez, and Tubbs. Other trackmen sans error were vaulting Andy Carruthers and jumping Cliff Davis. These and other Bee mercury men worked together to earn a high place in the final league tallying.

Not to be sneezed at were the top flight antics of our pint-sized Cee thinclads. With such cinder aces as versatile Hector Alvarado and the fast "Hoefler" Pennington, the Cee "men" grabbed many honors during their meets. Others often found among those in the winner's circle were Dragna, Allen, Lucero, Aceves, and Grubbs.

Coach, Edwin Wise.

Taking a complete view of the season's happenings, one easily sees that Card bicep boys deal a pretty mean deck. Bob Dalhover paced the rest of the team with an incredible 17.8 on the high bar in the opening tiff which, in spite of his efforts, was lost to Manual. His was not the only outstanding example of expert point making, however, for tying the top spot in the free-ex, (with Pete Veneris) the high bar, and the parallels, along with winning the ring event, Johnny Veneris led the Red Rovers to an 88-32 victory over Jefferson.

Keeping up their winning streak by calming the snarling Garfield Bulldogs, Card men McGowan, Graham, Veneris, and Huston filled the top slots in the two horse events contributing substantially to the 67-53 tally.

The Pathfinders dropped the two final meets to Roosevelt and arch-rival Washington, but hopes ran high as Fremont entered the Southern League finals. Spiked by such standouts as Mantecon, Csonke, Leyva, Rivera, and Pete and John Veneris, and Fremontian team surprised nobody by coming up with third place honors.

PLAY BALL

VARSITY SEASON

As the Fremontian goes to press, Pathfinder varsity baseball men have played the first four games of a scheduled tenguame season. Manual, Jefferson, and Garfield all fell before the onslaught of the rugged Road Detector nine, but Roosevelt made a determined stand and edged out our flashy Fremontians with a 3-4 tally. This year's "hit and run" roster included an impressive number of star prep baseballers. On the mound, Cantacessi, Walkup, Molle, and Mosby vied for top honors, while "slugger" Molina covered first in "A-plus-number-one-style." Leading the field of homerhitters were Mickey McBride and Zeke Szekula who blasted two of their longest hits during the Garfield scrap.

It seems as though Fremont was well supplied in the home run hitter department, for also in there slamming those four baggers were catcher Don Hanggie and second baseman Glen Allen.

Having won their games from Manual 8-1, Jefferson 11-4, and Garfield 12-1, the Pathfinder diamond demons proved themselves to be a hard fighting group of guys.

TENTH GRADE SEASON

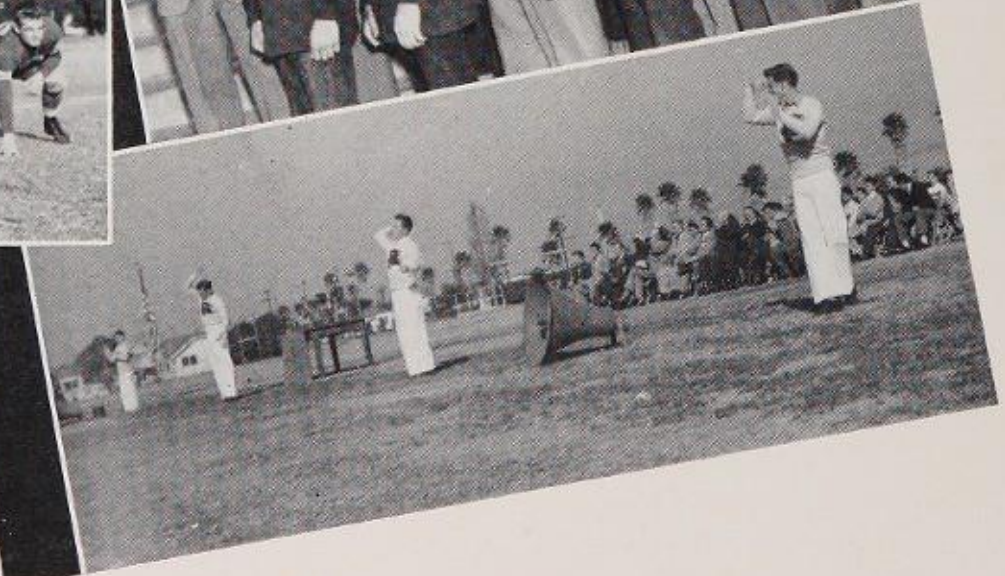

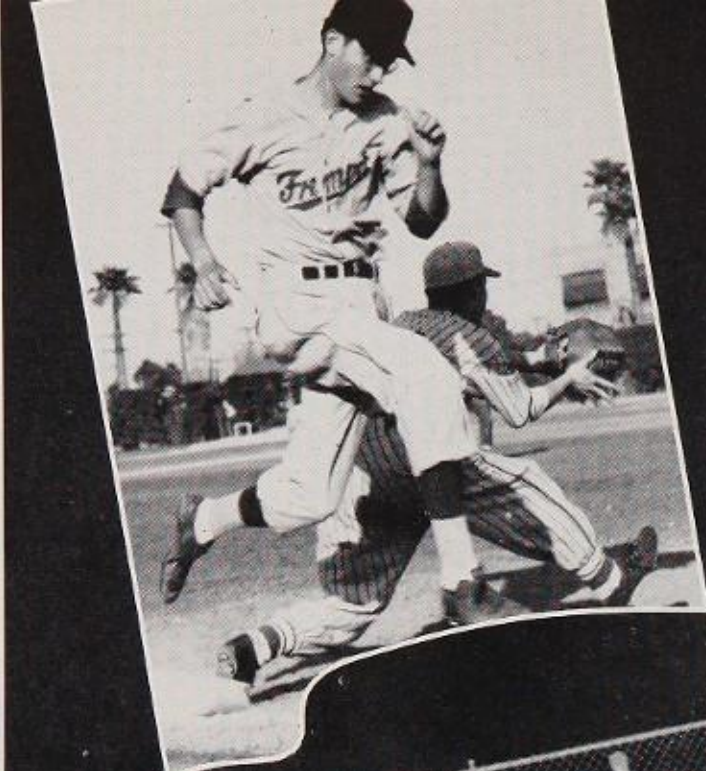

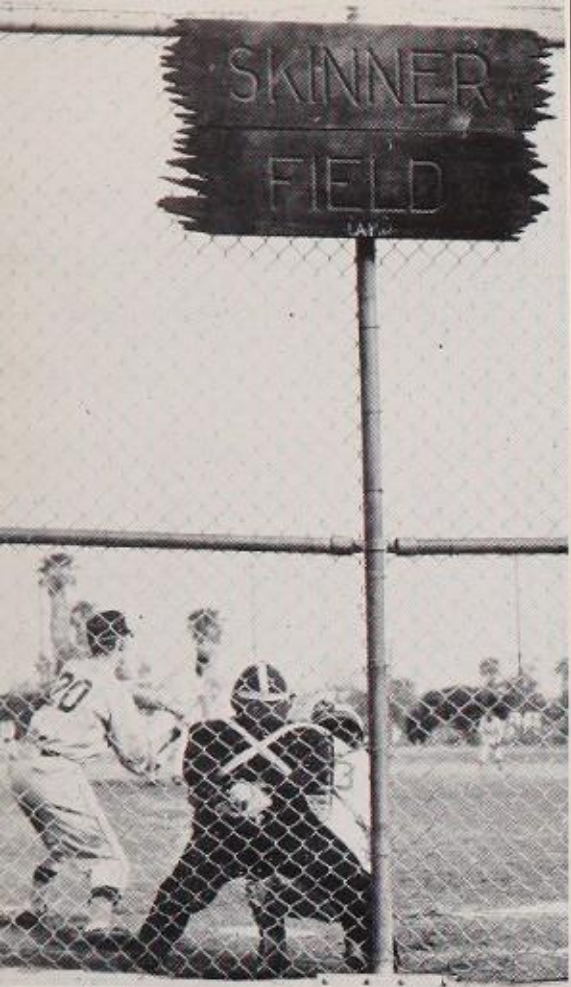

In the junior grade baseball department, Fremont rates high among competitors. With Mr. Coffman in the helmsman position, it was no surprise that the larger portion of their competitors were left with the small end of the final tally. The Pathfinder horse hide crew was loaded with top notch players. On the mound a great part of the time was hurler Bill Pierce. He led the team through many a tight scrape from the home plate as well as from the pitcher's position. In there working just as hard was homer hitter Simons, and also Harmon, McNew, Hill and Jones. The efforts of these boys and the remainder of the Cardinal crew clicked solidly to force out many an opposing diamond nine. Among these who bit the dust in the wake of the Coffman superior playing were Roosevelt, Venice, Dorsey, and Los Angeles. All in all these diamond hopefuls had a very successful year. Here's hoping for similar success in the years to come.

CASTING OFF

Having cast their reels out onto the stormy seas of the adult world, Conqueror classmates tossed aside their childish habits. Sadness was in the heart of each graduate, but they all faced the things to come with square shoulders and a proud bearing. Every departing student was genuinely appreciative of the grand times at "Ye Olde Brick Pile," of the educational opportunities afforded him, of the three most memorable years of his life.

...The senior Bee rec day, the realization of a dream for a senior garden...how distant these events seem. How far into the past they have retired! In the work-a-day world, one is often so busy that even a day's time span seems like an age, so it's no surprise that the all important twelfth year activities slipped rapidly into the back of the mind. But should there be time to step aside and reminisce, those precious memories are as near as the 'fifty Fremontian.

BON VOYAGE

It is good to look back at this time of cheers and tears, to take a glance in retrospect at the six semesters that supply a lifetime of memories. It is good to recall your school-days, your teachers, and your full calendar of activities that added zest and variety to those grand yesteryears. It is good to be grateful for our way of life.

LIBERTY

Liberty . . . and so we venture into the unknown, the future. The three golden years at Fremont have been the most happy and carefree and memorable times a person could wish for. But now it is time to bid a fond though reluctant farewell to the scene of those adolescent tears and triumphs. It is time to assume our adult responsibilities. The past has been great, Salients—let's make the future greater!
